Re: Borough of Stanhope Water and Sewer Services

Dear Mayor Kuncken:

I would like to thank you, representatives of the Borough and the Borough professionals for taking time out of your busy agenda to meet with us concerning the opportunity to provide certain utility services to the **Village Grande at Hopatcong**.

As promised, please find enclosed copies of our Annual Report, a brochure for our Battleground Adult Community and a guide to our New Jersey Communities – which will soon be updated to add communities in New York, Pennsylvania and Northern New Jersey.

We look forward to continuing our discussions with the Borough and bringing them to a fruitful conclusion for all involved. In the interim, should you have any questions, do not hesitate to contact me.

Very truly yours,

Peter B. Lijoi, Esq.  
Vice President, Land Acquisition
